Dear Harold,

Mary Pat and myself finally got our schedules coordinated enough to give you a definite date for our trip. If you have no other plans and are going to be home - and still think you can put up with both of us - we'll probably arrive sometime in the afternoon on April 22. Both of us have to be back on the 27th - Mary Pat starts summer classes on the 28th and I start work soon after.

Needless to say, I was really disappointed over the outcome of the Ray case. With all the work that you and Jim put into it, it's a damn shame that it turned out the way it did.

Have you seen any of the TV coverage Dick Gregory has been getting lately? No matter how much he's sensationalizing the issue, getting the Zapruder film on national television - even if it was at 1:30 in the morning - is something that was long overdue. Even if I dont agree with the way he's going about it, it seems to at least be a step in the right direction. The interest generated, just here on campus, by one showing of the film, is really amazing. Within a week after Gregory's film was shown by ABC, I received 3 invitations to give a lecture, 2 of them for classes here at Pitt.

My Evidence instructor really liked the

paper I did on the Warren Commission. He gave me an "A" and is going to put the paper on reserve for those taking the course next Fall. Your books were a great help in writing the paper.

Well, I have to run to class now. Let me know if it's OK to come down for the 22nd. Take care.

Best,
Karen
